Q&A

NCQA

What is Quality Compass?

- Quality Compass is NCQA's online database where users can access plan performance results on HEDIS® and CAHPS® measures.

- Plan-level performance rates and benchmarks (averages and percentiles) at national, regional (census and HHS) and state level

- Build custom reports, access measure definitions, trending impacts and FAQs.

- Available for commercial, Medicaid, Medicare, and Exchange plans.

Commercial
~~July 26th~~ **August 9th**

Medicare
October 25th

Medicaid
September 27th

Exchange
November 26th

Product Enhancements

Product Enhancements

Learn more and purchase today

Visit the QC Webpage

- View purchasing information, case study and highlight video

- Use the decision tree to assist with selecting products and license arrangement.

- Multi-product line discount (Buy More to Save More)

Updated URL for Web Platform

- qualitycompass.ncqa.org

- Access prior year data via legacy site (qualitycompass.org)

Expanded Sharing Permissions

Interested in a custom license?

- **NCQA offers custom license agreements** to those interested in using the Quality Compass data outside the standard agreement.
- Standard license agreement limits external data distribution to **15 measure indicators, 2 benchmarks and 20 health plan rates.**

Custom License Packages Available For:
- Provider network distribution - share performance data with providers/clinics.
- Public display of rates - publish results on a website, journal article or dashboard.
- Third-party distribution - share subset of data with external organizations or clients to collaborate on quality initiatives.

Pricing & Ordering Information
- **Custom data licenses vary in pricing** according to use case and external distribution needs.
- Contact us today to discuss your **custom sharing needs** and **obtain a quote** for a license agreement that covers the custom permissions.
